

### BariToned Official Show Info Sheet

Audra McDonald. Bernadette Peters. Cynthia Erivo. Kelli O'Hara. PATTI LUPONE! THEY'RE ALL MISSING and there are only three who can bring them back: **BariToned** in **Damsels In Distress**. In a desperate quest to save Broadway, and their careers as leading men, the three princes of BariToned 'flirt and flounce' through the Broadway's Leading Ladies' song catalogue in an attempt to summon the divas back to Broadway. When one finally does appear, the burly trio learn that their attempts have been in vain, as the leading ladies were not actually missing, they all left having been bored with the leading men's antics.

This comical Musical Theatre revue does not disappoint, having been called "pure Broadway joy" by *The Ensembler*, and "...a show so sublimely smart, so genuinely entertaining" by *Cabaret Hotspot*. **BariToned: Damsels In Distress** includes arrangements, custom mash-ups, and medleys by Broadway's Dan Pardo, with songs such as I Feel Pretty (West Side Story), Popular (Wicked), I Don't Know How To Love Him (Jesus Christ Superstar), Gorgeous (The Apple Tree), Bring On The Men (Jekyll & Hyde), Wash That Man (South Pacific), Ladies Who Lunch (Company), and a finale featuring a special guest.
